

Royton North Ward: Location

Royton North Ward: An Introduction

Royton North contains swathes of open land, benefiting from beautiful areas of green space at Tandle Hill Country Park and Dogford Park and the corridor surrounding the River Irk. There are some easily definable geographical communities, particularly around areas such as Thorpe, Thornham, Haggate, Dogford and Royton Hall. It also houses the Elk Mill Oldham Shopping Park (which serves the Oldham community and further afield alike), also small industrial areas. It shares a border with Rochdale to the north.

Approximately three quarters of the housing stock is in private ownership, but it also houses small areas of social housing particularly around the district centre. There are high levels of resident engagement with local people active in friends groups and special interest groups across the ward.

The hub of the community is the district centre, where the recent development of another supermarket has made the district centre a bustling area, with a lively night time economy which has improved greatly in recent years with the addition of new good quality restaurants and bars. Like many district centres, youth and adult ASB continues to be a source of community tension.

Crime Map Information

The map (and chart to the left) use data on all crimes recorded between 1st April 2023 and 31st March 2025. The areas of the map are coloured according to the percentage of total crimes recorded in each small area. Lower rates are green, middle rates are orange, and higher rates red. It is not possible to show background mapping at the moment, but hovering over an area gives the name of the neighbourhood.

Trust

Trust Map Information

The map to the left shows data from [work by the 'Onward' organisation](#) that measures social trust. They surveyed residents, asking if others could be trusted. Where values are positive (coloured green), people tended to trust more. Negative values (red) are where people tend not to trust others. Grey areas are mainly or wholly in a different ward. The areas are Middle Super Output Areas (statistical areas)
